START TODAY AT REACHING TOMORROW
HIGHER LEARNING COLLEGE TOUR

The program is called Starting Today At Reaching Tomorrow (S.T.A.R.T.) Higher Learning College Tour. This program will service boys & girls currently in grades 8th through 10th. This program will consist of field visits to Louisiana Universities & Colleges. Visit timeframes will be based on the scheduling of the institutions but not to exceed two days per institution. A visit to all participating institutions will be considered one complete tour. More than one tour will be given per year contingent upon resources. A minimum of one tour per year will be provided. This program will focus on nurturing the need to prepare for higher education now. To often our youth do not become serious about seeking or achieving a higher education until their senior year of high school when it becomes a buzz word to them. This program will create this sense of urgency early in a youth's academic career and not just when the guidance counselor speaks about ACT & SAT test in the 12th grade.
